To Whom It May Concern:

The purpose of this letter is to recommend the work that is being done by T.J. Kimmel through CORE Missions. As the pastor of a missions-minded church here in Durham, North Carolina, I am always looking for opportunities to maximize our church's impact around the world. CORE Missions helps to provide Fellowship Baptist Church with that type of impact, by partnering with national pastors across the globe.

I first met T.J. and Christa Kimmel when our church helped to send them to Jamaica more than 14 years ago. Not only did we support the work, a missionary team from our church had the opportunity to visit Jamaica and see firsthand what God was doing there. We not only saw the work, we saw the heart of the Kimmel's.

In 2014, Bro. Kimmel told me of a transition in his ministry, and asked our church to continue supporting them through their work with CORE Missions. We have gladly done so, because we believe in the Kimmel's, and the desire that God has given them to reach the lost of the world.

I believe any support given to T.J. and Christa Kimmel will make a difference for eternity. I hope that you will prayerfully consider partnering with them.

In Christ,

A handwritten signature in blue ink, appearing to read "Rick Finley", is written over the typed name.
