To Whom It May Concern:

I am writing to give my wholehearted recommendation for TJ and Christa Kimmel and CORE Missions. We have been privileged to know the Kimmels for a decade. They have proven to be faithful servants with a sincere heart for the gospel, making an eternal impact in many nations. I am honored to call them my friends and co-laborers in this generation.

Please consider supporting this worthy ministry. Recently, in addition to monthly support for the Kimmel family, our church partnered with about ten national pastors in seven different countries through CORE Missions. We are delighted to see our missions support going farther than it would have without this partnership.

May God bless you as you do all that you can for the sake of the gospel around the world.

Best Regards,

Ryan Thompson  
Pastor
